

We also produce: Brayseal | Brayslide | Braygrip | Wicketed & Collated | Conventional | Film on Reel & Lidding Film | Laminated Film & Braypouch Bags

Description

Brayford Plastics can offer a range of laminated film and Braypouch bags displaying a high quality gloss or matt finish.

Laminate products can be 2 ply and can have combinations of LDPE, Polypropylene, PET and Nylon substrates to suit your needs. They can be finished in form fill, or pouches which can have 2 or 3 side seal finish as well as stand up pouches in K seal or Doy pack, with and without resealable closures.

Manufacturing Specification

Please note all laminate jobs are quoted on an individual basis to ensure suitability of substrates – also see *Braypouch spec sheet*.

Please note:

Above is a guide only and is dependant on how many separate images are to be produced across the job, if you require a specification outside the above parameters please contact our sales department to discuss your requirements: 01522 559429
